You Marvel How Worst Skin Eruptions Disappear as Result of Famous Remedy

If you should meet anyone varnishing a nose with a greasy ointment, your best advice would be to quit such things and attend to the blood.

To successfully fight any blood trouble, some eruptive skin disease—all it means, lupus, psoriasis, malaria or scrofula—get your blood under the influence of S. S. S. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood, for the diseased venous blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor; the bowels, kidneys, bladder and all excretories of the body are marshalled into a fighting force to expel every vestige of eruptive disease.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar, write to the Swift Specific Co., 218 Swift Bldg., Atlanta, Ga.

Do not permit anyone to talk you into some useless compound they put up as a substitute for S. S. S. No honest druggist will do this.

R. H. Whiteside, in charge of development at the C. & A. property in the Aljos during the period of large activity last year, returned last evening from a business visit to Duluth and Chicago. The brother came here a few weeks ago from Butte and has since been with the Gardner.

How Good That

MUSTEROLE Feels!

A-ah! That's delicious relief for those sore muscles, those stiff joints, that lame back.

MUSTEROLE is a clean, white ointment, made with the oil of mustard and other home staples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub MUSTEROLE on the spot where the pain is—rub it on briskly—and the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And the best of all, no blisters like the old-fashioned mustard plaster used to make.

There is nothing like MUSTEROLE.

OLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the back or joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet and Colds of the Chest (it prevents Pneumonia.)

Doctors and nurses frankly recommend MUSTEROLE. It is used in large hospitals.

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, O., and we will send you a jar, postage prepaid.

Charles H. Kelley, Philadelphia, says:

"I have great faith in Musterole; indeed, I have prescribed it for several of my patients this week; it is a very valuable remedy."
